**YOUR COMMENTS**

Thank you for consulting Dorset County Council on the proposed designation of a Neighbourhood Area covering Arne Parish. Dorset County Council has no objection to the designation but wishes to be kept informed of the progress of any Neighbourhood Plan or other proposals prepared by the Councils.

If, in the preparation of any proposals, the Parish Council wishes to discuss any matters of County Council interest – such as transportation, education, adult service needs, minerals or waste issues, I will be happy to act as a point of contact to put them in touch with the right person.

For information I attach a copy of a plan identifying the Minerals Safeguarding Areas in Arne Parish. For further information about the implications of this designation please contact Trevor Badley of our Minerals Planning Team.

We would also draw the Councils' attention to two documents that may assist with planning for culture and the arts:

1) The "Creativity in Community Led Planning" document which was developed with Gillingham Neighbourhood Planning Group and is free to download here:

2) The Town and Country Planning Association's "Good practise Guide for improving culture, arts and sporting opportunities through Planning"
