

## **SUME workshop in Lima, 26-27 October 2017**

**Venue:** Instituto de Ciencias de la Naturaleza, Territorio y Energía Renovables,  
Pontificia Universidad Católica del Perú (INTE-PUCP)

**Abstract:** On Day 1, an initial session will introduce members of SUME and partner organisations (INTE-PUCP, International Association for Falconry & Conservation of Birds of Prey, European Sustainable Use Group) to CEM and SUME; talks will show how ecosystem services can become providers of Nature-Based Solutions and motivators for Conserving Ecosystems through Sustainable Use, with case-study examples from across the world; we will explain the software for the multilingual hub, the national language satellites, and the social networking to encourage conservation through use of ecosystem services. Day 2 will provide training in use of the multilingual software for local communities, with international/national networking, and design projects for ecosystem enhancement, including community restoration of native species, and possibly removal of invasive species, that could be implemented primarily in South America.

### **Thursday 26 October 2017**

*A background for Conservation through Use of Biodiversity & Ecosystem Services.* (Chair: Robert Kenward)  
Morning session. Gather for coffee at **10.00**, 15-30-minute talks during **10.30-13.00**

Dr Augusto Castro (PUCPE).

Welcome to INTE-PUCP

Conditions for a conservation ethic [ES].

Dr Angela Andrade (IUCN-Commission for Ecosystem Management).

IUCN-CEM: a broad church for nature conservation through the Ecosystem Approach [ES]

Dr Mariana Montoya (Wildlife Conservation Society).

The importance of local communities for conservation [ES]

Dr Adrian Reuter & Dr Adrian Lombard (International Association for Falconry & Conservation of Birds of Prey).

Falconry: global community conservation through sustainable use by a minority interest [EN]

Prof Robert Kenward (European Sustainable Use Group).

From jess to TESS and beyond: the background to CEM-SUME [EN]

### **Lunch 13.00-14.30**

*Worldwide examples of Conservation through Use of Biodiversity & Ecosystem Services.* (Chair: Adrian Reuter)  
Afternoon session. **14.30-16.30** (20-minute talks, discussion at end)

Kurt Alt (Wild Sheep Foundation, Montana) & Tom Seaton (Alaska Department of Fish and Game)

Conservation through sustainable use: the role of ungulates, worldwide [EN]

Maya Basdeo (Ontario Hawking Club)

Recent conservation projects by falconers in North America [EN]

Agustin Anzoategui & Henrique Rezende (Guira Oga Veterinary Services and Argentine Falconry Club).

Scope to expand conservation projects by falconers in South America [ES].

Dr Marina Rosales (Federico Villarreal National University, Peru).

Wildlife conservation through sustainable use in South America [ES]

Bridget Kenward (Arne Parish, UK).

What do local communities in the UK feel, know and enjoy contributing for conservation? [EN]

### **Refreshment 16.30-17.00**

*Concepts and technology for local project actions guided at national to global levels.* (Chair: Adrian Reuter)  
Evening session. **17.00-18.30** (20-30 minute talks, discussion at end)

Mg.Sc. Edgar Vicuña (SERNANP – National Service of Natural Protected Areas of Peru).

Resources management in protected areas and information management [ES].

Dr Eduardo Arraut (National Institute for Space Research, Remote Sensing Division, Brazil).

Sakernet and Perdixnet: on the road to global environmental decision support [ES]

## Friday 27 October 2017

Morning session **09.30-10.30** (Chair: Augusto Castro) [ES+EN]

Prof Robert Kenward (Sustainable Use and Management of Ecosystems in IUCN-CEM).  
Concepts and socio-technology tools for a Global-to-Local approach [EN]

Dr. Luis Mujica (INTE-PUCP)  
The location of man in nature [ES]

Coffee **10.30-11.00**

Noon session **11.00-13.00** Parallel break-outs (2x) with tentative project themes [ES+EN]

Building project actions in South America (facilitators Angela Andrade, Eduardo Arraut)

- Community conserved ecosystem services
- Falconry and conservation

Lunch **13.00-14.30**

Concluding session **14.30-16.30** (Chair: Augusto Castro) [ES+EN]

Training to run the Multilingual Online Research/Restoration Project Hosting system.

- The social network
- The national and local nodes: sites in the System for Community Liaison (SYCL)

Reporting from break-outs

General discussion and commitments to projects

SUME planning: continental D-Groups and national SYCL nodes

Overall conclusions and close of meeting

*INTE-PUCP will provide meeting facilities. ESUG and IAF will provide administration. CEM has provided seed funding to help bring speakers. Participants will be responsible for their own travel and lodging.*

*All who own a laptop are asked to bring it, please.*
