Explanatory Note
(This note is not part of the Order)

Chapter 3 of Part 4 of the Local Government and Public Involvement in Health Act 2007 ("the 2007 Act") authorises principal councils to undertake community governance reviews in their areas and make recommendations for matters such as the creation of new parishes and parish councils, the electoral arrangements for parish councils, the abolition of existing parishes and parish councils and changes to parish boundaries. It also requires a principal council which has received a valid community governance petition to undertake a community governance review. Section 86 of the 2007 Act enables a principal council to make an order to give effect to recommendations made in a community governance review

This Order gives effect to recommendations made by Purbeck District Council for the increase in the number of parish councillors for Arne Parish Council.

The map defined in article 2 is available, at all reasonable times, at the offices of Purbeck District Council.
