Dear Dorset Council

An application has been made to our club, an exempt caravan and camping organisation which is registered with Natural England/Secretary of State, to operate a certificated exempt camping and caravan site, by way of farm diversification, for up to 5 caravans, under paragraph 5 of the first schedule Caravan Sites and Control of Development Act 1960.

If the council has any objection or due consideration to this application, we would be grateful if you could forward details of such objection/consideration to the club email address (above).

If we do not receive a response within 21 days, we will assume that the council has no comment and continue to process the application for exemption.

Kind Regards

Rural Roots
