### •European Health Insurance Card

A free card that gives you access to medically necessary, state-provided healthcare during a temporary stay in any of the 28 EU countries, Iceland, Liechtenstein, Norway and Switzerland, under the same conditions and at the same cost (free in some countries) as people insured in that country.

Cards are issued by your national health insurance provider.

**Important** – the European Health Insurance Card:

- is **not an alternative to travel insurance**. It does not cover any private healthcare or costs such as a return flight to your home country or lost/stolen property,
- does **not cover** your costs if you are **travelling for the express purpose of obtaining medical treatment**,
- does **not guarantee free services**. As each country's healthcare system is different services that cost nothing at home might not be free in another country.

**Please note:** when you move your **habitual residence** to another country, you should register with the [S 1 form](#) instead of using the EHIC to receive medical care in your new country of habitual residence.

## 7. ELECTRICITY

In Croatia the standard voltage is 230 V and the frequency is 50 Hz. You can use your electric appliances in Croatia, if the standard voltage in your country is in between 220 - 240 V (as is in the UK, Europe, Australia and most of Asia and Africa). Manufacturers take these small deviations into account. If the standard voltage in your country is in the range of 100 V - 127 V (as is in the US, Canada and most South American countries), you need a voltage converter in Croatia. You can find voltage converters at Amazon. You can also consider a combined power plug adapter/voltage converter.

## 8. CURRENCY

The Croatian currency is the Kuna (*not* the Euro!), which is divided into 100 lipas. (The word 'Kuna' means marten, a weasel-like animal, whose fur Croats used as payment many centuries ago. The word 'lipa' means lime tree, but we don't know the connection here!) When listed as a price, Kuna is abbreviated to Kn.

The Kuna comes in denominations of 5, 10, 20, 50, 100, 200, 500 and 1,000 as notes and 1, 2, 5 and 25 (25 Kn being largely commemorative) as coins. The Lipa comes in coins of 1, 2, 5, 10, 20 and 50. In Croatian, the plural of Kuna is Kune (pronounced 'koo-neh'), although it is fine to pluralise it – as many outside of the country do – to Kunas.
